

## GRANTS FOR INDIVIDUALS – APPLICATION GUIDANCE NOTES

### Introduction

The Walcot Foundation gives grants to Lambeth residents to support them to move from benefits or low income to financial self-sufficiency.

### Eligibility criteria:

To apply for a grant you need to:

- live in Lambeth and have done so for at least 1 year (exceptions for certain groups<sup>1</sup>)
- Be turning *at least* 19 in the academic year that you are applying for
- Come from a low-income household – you (or your parent(s)/carer(s) if you are under 25 and living with them) need to be in receipt of one of the following **Income based benefits**:
  - Universal Credit
  - Income Support
  - Income-based Job Seekers' Allowance
  - Income-related Employment and Support Allowance
  - Support under Part VI of the Immigration and Asylum Act 1999
  - the Guaranteed element of State Pension Credit

### OR currently eligible for Free School Meals

**OR on very low income.** If you (or your parent(s)/carer(s) if you are under 25 and living with them) are working (and not on any of the above income-based benefits) please use our online financial eligibility checker to see if you are eligible.

### What we fund

#### a) *Students*

Our grants can help with the costs of a first degree or a first vocational (work related) qualification that has a strong likelihood of leading to work. Students can apply for a grant for one of the following:

- **A degree course**  
Successful applicants receive a grant of £1,500 per year (paid termly) for every year of their course (normally up to a maximum of three years). Grants can be used towards general living expenses at university (e.g. travel, accommodation fees) and course-related items (e.g. books, laptop, specialist equipment). Additional childcare top-up can be considered (up to total grant value per year of £4,000).

---

<sup>1</sup> We will also accept applications from: a) individuals who are rehoused outside Lambeth but are still in the care of Lambeth Council; b) individuals who have recently moved into Lambeth immediately after a custodial sentence and planning to make Lambeth their permanent residence; c) individuals rehoused in Lambeth with support by an external agency/housing services as a result of domestic violence. Please contact the Grants Team if any of these scenarios apply to us prior to making an application.

- ***A degree course at a Russell Group university***

Each year the Foundation offers a '[Townsend Scholarship](http://www.walcotfoundation.org.uk/townsend.html)' to a Lambeth-resident Black and Minority Ethnic pupil from a low-income home who gains a place at a Russell Group University. The scholarship is worth £1,000 a term for up to three years. More information about this scheme and the application process is available at [www.walcotfoundation.org.uk/townsend.html](http://www.walcotfoundation.org.uk/townsend.html).

- ***A vocational/non-degree course up to NVQ level 4 or an apprenticeship***

Students can apply for a grant of up to £1,500 (or up to £4,000, if including childcare costs) towards costs such as travel, books, special clothing, equipment, study/field trips, childcare and course fees.

**Please note:** If you already have a first degree and/or a vocational qualification at NVQ level 4 or equivalent, you are not eligible to apply for a grant.

***b) Moving into employment***

If you have been out of work for much of the last five years and haven't gained a degree or NVQ level 4 (or equivalent) vocational qualification in the last ten years, we could make a grant to help you move into employment. Grants can be made for costs associated with:

- gaining work experience that will strengthen your chances of getting paid work
- making the transition from long-term unemployment to employment

If you are applying for a grant for the above, it is very likely that we'll refer you to the Walcot-funded careers advisor for 1:1 support and guidance to help you transition into employment.

**Deadlines**

- We have high demand for our funds so university student applicants are encouraged to submit their application as soon as possible (ideally between April and August, before the start of the new academic year). Final date for a university grant submission will be 30 September 2022.
- There is no closing date for further education/vocational courses. However, for one-year/two-year college courses (e.g., Level 1-4 Diplomas), we will only consider grant applications from students with at least 12 weeks of their course remaining.

**What we do not fund:**

- a) Grants **are not** made to reimburse for goods or services already purchased or for debts.
- b) Grants **are not** made for the payment of council tax, household goods, household furnishings, general clothing, rent (except for costs towards accommodation whilst studying away from home at university) or other taxes.
- c) Grants **are not** made to people who own their own homes (or if living with parents, where parents own their own home). Grants are focused on supporting people in long-term financial poverty – owning a home is normally a considerable financial asset.
- d) Grants **are not** made for post-graduate study or second degrees, personal development courses, or career changes. This includes the final year of an undergraduate degree course that includes a Masters qualification.

- e) Grants **are not** made for university students' placement year on a sandwich course.
- f) Grants **are not** normally provided to students repeating a year at university. We have limited funds and so are not able to support students who are repeating a year due to failing a module, an exam or changing course. However, we can continue to pay any remaining grant once a student successfully progresses onto the next academic year of their course.
- g) If you already have significant work experience with a reasonable level of responsibility (what we would classify as a 'career'), we **will not** fund further study even if you do not have a qualification.
- h) If you already have a first degree or a vocational qualification at NVQ level 4 or equivalent, we **will not** fund further study. If in any doubt, please call a member of the Grants Team before completing this form.
- i) Grants **are not** made for course fees or childcare in cases where it is unclear that the applicant will be able to raise the balance of fees required to complete the entire course.
- j) Grants **are not** made for childcare applications which include a child who is too young to receive the 15 hours free childcare from the Government. In addition, we expect that any childcare bursaries/grants the applicant is entitled to be taken up before we will consider award of a childcare grant.
- k) Grants **are not** made for childcare costs linked to distance-learning courses (e.g. Open University).
- l) Grants **are not** made for costs relating to starting up your own business or for self-employment.
- m) Grants **are not** made for study at commercial training providers unless it can be evidenced that the course will lead to employment and that it is not available via a statutory provider (e.g. Further Education College).

### **Other Issues**

1. We cannot help in a crisis. Our assessment process is very thorough and it may be a few weeks before you first hear from us and often that is to request additional information. You can speed up the process by ensuring that you include everything that we ask for with your application.
2. Our grants cannot replace statutory funding/funding available from the government – we generally expect university students to apply for, and take up, their full student finance entitlement to cover tuition and course fees. If you are planning to undertake a level 3 or 4 qualification and are eligible for a government Advanced Learner Loan, we cannot make a grant towards your course fees and would expect you to take up the Advanced Learner Loan. We will only consider funding tuition fees where statutory funding/loans are not available and the applicant can provide official evidence that the outstanding tuition fees can be paid by other available scholarships/bursaries.
3. All students studying full-time degree courses need to show evidence that they have lived in Lambeth for at least one year before the course started.

4. For students studying via 'Distance Learning' (e.g. Open University), it is likely that we will require that you meet with the Walcot-funded Careers Adviser before considering an application.
5. There is no *entitlement* to a grant or a repeat grant. All grants are discretionary and awarded on the evidence of need presented at the time of application.
6. If, based on our checks at your college/university/training centre, your attendance on your current or most recent course is less than 90%, you will not be eligible for a grant until such time as you achieve 90% attendance for a reasonable period of time (normally for a full term following our check).
7. For degree students we require termly confirmation of continued enrolment at university and annually a report and tutor reference.
8. Walcot Foundation reserves the right to withdraw any application if we do not receive prompt responses to queries or reference requests we make at any time.

# Individuals' Grant Application – Documents Required

Below is the list of documents that are needed for an application. You will be able to upload the documents at the end of the application form. Alternatively, you can send the documents (copies only – no originals) to Walcot Foundation, 127 Kennington Road, London SE11 6SF or email to [grants@walcotfoundation.org.uk](mailto:grants@walcotfoundation.org.uk). Please note that the maximum size of each file is 5MB.

## ID

Confirmation of your identity, such as a copy of your birth certificate, driving licence, passport or similar document.

*(NB: Not required if you have had a grant from us within the last three years)*

---

## One year residence in Lambeth

Proof of one year's residence in Lambeth, such as a copy of a utility bill, tenancy agreement or an official letter that is at least one year old at the time of application. If you are not living in Lambeth but are in care to Lambeth, please provide a housing office letter or similar on official letterhead confirming that you currently have at least one year's connection to Lambeth.

*(NB: Not required if you have had a grant from us within the last three years)*

---

## Immigration status

**For non-British:** please provide proof of Indefinite Leave, Settled Status, Humanitarian or Discretionary Leave to Remain in the UK. If you are an asylum seeker or have Humanitarian/ Discretionary Leave to Remain, we require proof that you are actively working on your immigration case (e.g. recent solicitor's letter about your case status).

---

## Proof of Low Income

*If you are under 25 and have your parent(s)/carer(s) home as your main address, we need EITHER: two recent full months complete bank statements for your parent(s)/carer(s) as proof of their income OR if your household is in receipt of Universal Credit, you can provide the latest months' Universal Credit payment notification for your parent(s)/ carer(s).*

*If you are over 25 or do not have your parent(s)/carer(s) home as your main address, we need EITHER your full bank statements for the last two months for all bank accounts (all current and savings accounts) you own OR if you are in receipt of Universal Credit, you can provide the latest Universal Credit payment notification.*

---

## Student Enrolment

**For students:** proof of enrolment on your course for the current academic year (or, if you have not yet enrolled, official confirmation of your acceptance on to the course or offer letter from the university).

---

## Student Finance

Where applicable, a copy of your Government Student Loan award/refusal letter. If you are applying to us before you have received a Student Finance award, you can forward the award letter on later.

---

## Childcare

For requests for support with childcare costs, a copy of either a quote or invoice from an OFSTED registered childcare provider with a breakdown of childcare charges. Please note that we do not accept childcare applications where a child is too young to receive 15 hours free childcare from the Government.

---
