Dear Neighbour,

RE:
Proposed Residential
Building

I am writing to you on behalf of the Walcot Foundation about plans the Foundation is developing to make better use of the two garage compounds it owns on Bishop's Terrace. Preliminary discussions have taken place with the London Borough of Lambeth about redeveloping the site to provide around ten new homes.

The Walcot Foundation is a charity – founded in the 17th century – concerned with the relief of poverty in Lambeth (see www.walcotfoundation.org.uk for more information). Approximately half its income is generated by property and the Governors believe that the proposed development will allow for an expansion of the Foundation's work. The intention is to build and let the new housing and for it to remain within the Foundation's portfolio.

Whilst we are working with Lambeth Council on the plans, we would like to keep you up to date with our ideas for the site and seek your feedback on our plans. We will be writing to you again over the next few months to offer you the opportunity to comment on the proposals. You can find more information on the proposals by visiting the website at www.walcotfoundation.org.uk/bt.

If you have any questions in the meantime, please contact me on the above details.

John Greenshields
